

RICHARD FU

Xiangrui Fu (legal name) • richardfxr.com • xfu01@risd

OBJECTIVE Seeking an internship in **digital user interface design** where I can apply my design and software engineering skills while working with a professional team.

EDUCATION Rhode Island School of Design
Bachelor of Fine Arts, Industrial Design

PROJECTS

Weather Dial
A simple weather app focused on data visualization and animation built with SvelteKit.

richardfxr.com
An accessibility-focused redesign of my portfolio site built with React, Next.js, and Framer Motion.

Budgetty
A circular monochrome interface for a standalone digital wallet. Concepts created with Illustrator and After Effects.

sity.earth
A web app that helps users find their city's recycling guidelines. Built with SvelteKit and Cloud Firestore.
