v10.2.1
portfolio site

OBJECTIVE

Seeking an internship in digital user interface design where I can apply my design and web development skills while working with a professional team.

EDUCATION

Rhode Island School of Design (RISD)
2020-2024. Bachelor of Fine Arts, Industrial Design

Boston University Academy (BUA)
2016-2020. Graduated summa cum laude

PROJECTS

Machinist's Edge (machinists-edge.com)
A web app with calculators and charts designed for the RISD ID Metal Shop and built with SvelteKit.

Weather Dial (weatherdial.richardfxr.com)
A simple weather app focused on data visualization and animation. Built with SvelteKit.

richardfxr.com
An accessibility-focused redesign of my portfolio site built with React, Next.js, and Framer Motion.

Budgetty (richardfxr.com/projects/budgetty)
A circular monochrome interface for a standalone digital wallet. Concepts created with Illustrator and After Effects.

SKILLS

Programs
